

Fidelity Bank + Android Pay

Confidence. Simplicity. And the things you love about your Fidelity Visa[®] Check Card

With your Fidelity Bank Visa[®] Check Card and Android Pay[™] you can conveniently make purchases at hundreds of thousands of stores using your Samsung Galaxy device. Keep your Check Card secure in your wallet and pay with a single touch.

Getting started is as easy as:

1. Download the Android Pay[™] app
2. Add your Fidelity Bank Check card - it's as simple as snapping a photo
3. Pay confidently at over a million locations in the U.S.

Use it today

There's a lot to love about Android Pay[™]. Like how it lets you use your favorite Visa[®] Card at over a million locations in the U.S. See a full list of Android Pay[™] places to pay at android.com/pay

Get extra layers of security

Android Pay[™] never uses your actual card number. Instead it uses a virtual account number so your card details and private info stay safe.
