

Welcome to a new way to pay

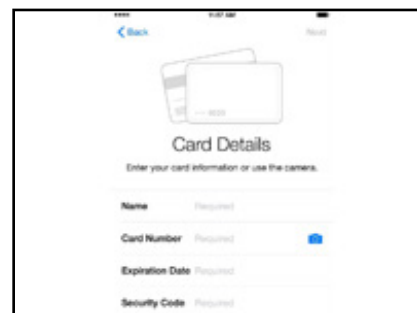

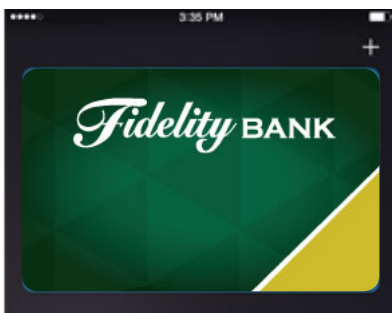

Your Fidelity Bank Visa® check card and Apple Pay will change the way you pay

With your Fidelity Bank Check Card and Apple Pay you can conveniently make purchases at hundreds of thousands of stores using your iPhone 6®. Keep your Check Card secure in your wallet and pay with a single touch.

Adding Fidelity Bank Check Card to Apple Pay

- You'll need an iPhone® 6, iPhone® 6 Plus, iPad Air™ 2 or iPad mini™ 3 with iOS 8.1 or later
- Open the Apple app called "Wallet" and select "Add Credit or Debit Card"
- Take a picture of your card and fill in the 3-digit security code on the back along with any other missing information or type in manually.

How to use Apple Pay

- Look for the Pay Wave® or Apple Pay symbol at checkout and hold your phone near the contactless reader.
- Place your finger on the Touch ID™ or, you may need to enter a passcode.
- Keep your phone by the reader until it vibrates and beeps, indicating your payment was accepted.

Security

With Apple Pay, instead of using your actual credit and check card numbers when you make a purchase, a unique Device Account Number is used. This number is assigned, encrypted, and securely stored in the Secure Element, a dedicated chip in iPhone®, and Apple Watch when you add your card.
